1. Eligibility Criteria

Category I

Indian Companies which fall under “Special Economic Zone” can directly import products directly from NITGEN, Korea and avail import benefits.

“Special Economic Zone (SEZ)” is a specifically delineated duty free enclave and shall be deemed to be foreign territory for the purposes of trade operations and duties and tariffs.

More details on exemption and duties for SEZ units for direct import can be gathered from <http://sezindia.nic.in/>

Category II

Indian companies which do not fall under “Special Economic Zone” Can also import products directly from NITGEN, Korea.

Here Custom and import duties are applicable as standard rules.

2. Role of BioEnable in Purchase

BioEnable being Authorised Exclusive distributor for NITGEN Products in India will coordinate in any such purchases. This is limited to Procuring product requirement from companies for NITGEN Products and have a Proforma Invoice issued from NITGEN to the client alongwith Payment Procedures.

3. Products and Prices

Following are the list of Products along with the prices in USD which can be directly imported from NITGEN, Korea.

Sr.No	Model Number	Model Name	Price in USD/Unit
1	HFDU01	Fingkey Hamster	\$99
2	NDL100	Fingerprint Door Lock	\$400
3	NDL600	Fingerprint Door Watch(With RF Remote)	\$550
4	NAC3000R	Access Controller	\$1150

(These prices are exclusive of shipping Charges and Custom Duties applicable)

4. Proforma Invoice and Payment Guidelines

Companies which are interested in purchasing products directly from Nitgen need to provide product model number and quantity along with complete address details to BioEnable Technologies Pvt. Ltd, Pune, India.

BioEnable will process the request to Nitgen which in turn will issue Proforma Invoice for product purchase to the client.

This will contain Payment mode for purchases. Generally Nitgen takes Advance TT transfer for the product purchases. In some cases where purchases are in higher numbers, Nitgen can accept Letter of Credit as per the terms given by them.

5. Delivery of the Products

Once payment is made by the client as per issued Proforma Invoice, Nitgen will ship products to the client by DHL or other Courier Service.

This requires Custom clearance by the client before it can be delivered to them. BioEnable as well as NITGEN won't do custom clearance for these Imports.

Companies falling in both categories defined above should have their own clearance agent or mechanism for the same.

Charges incurred for custom clearance for these imports has to be borne by the client.

6. Installation Terms

It is believed that companies importing products directly from NITGEN has the capability and technical know-how to carry out product installation. In case where in Installation is not possible by these client, BioEnable can help on following modes.

Mode I: BioEnable will get the installation done by its reseller if present in that region/area. In this case client has to bear charges of Installation and needs to be paid to Reseller as fixed by BioEnable.

Mode II: BioEnable Engineer does installation at the client place.

In this cases client will need to pay for To and fro traveling cost, Boarding and lodging and Installation charges as given by BioEnable.

7. Product Replacement and Repairs

In case of any defect and non working products during first year of purchase client need to send RMA Sheet (Return Material Authorisation) to Nitgen First. This sheet is made available with every product. Upon RMA sheet approval by Nitgen only client can send the product for replacement or repairs. In any circumstances of product non functioning, BioEnable will not offer product replacement/Repair.

Generally the process of repair or replacement takes one month time and its advisable for client to keep spare units for this downtime.

8. Service and Support Issues:

BioEnable will offer service and support from second year onwards for purchases done by clients directly from NITGEN.

Charges for these will be applicable depending upon service rendered.

9. Annual Maintenance Charges.

Annual Maintenance charges should be paid to the regional reseller in Installation is carried by him as per the charges fixed in discussion with him.

If Installation is carried over by BioEnable then Annual Maintenance charges could be fixed on Visit basis or on yearly basis.

On Yearly basis Charges applicable are as below

Second Year: 12% of the total Purchase Value.

Third Year : 12% of the total Purchase Value.

Fourth Year : 15% of the total Purchase Value.
